

New Life Science

Construction of the new \$6.25 million Life Science Building at Cal Poly was assured when Governor Edmund G. Brown, Jr., signed California's budget for 1975-76 into law early this month. That act marked the culmination of a six-month effort by President Robert E. Kennedy to have the structure returned to the budget after it was not included in the governor's original budget proposal.

The arguments of President Kennedy, alumni, and Scott Plotkin, who at the time was president of the A.S.I. and the statewide association of CSUC student presidents, apparently convinced Gov. Brown and legislators that the structure is justified. Other valuable assistance came from State Senator Donald L. Grunsky (R-Watsonville) and Harry Harmon, executive vice chancellor of The California State University and Colleges system.

Significant in their presentations before the Senate Finance Committee, Assembly Ways and Means Committee, legislative analyst, and the Department of Finance were enrollments that have continued to climb while those of other colleges and universities have begun to decline and a severe shortage of space for science classes and laboratories.

The 74,000 square foot Life Science Building will be built on a 1.2-acre site adjacent to the present Science and Science North Buildings in the northeast portion of the academic campus. Plans for the structure, which are presently being prepared by Kruger, Bensen, Ziemer Architects, Santa Barbara, include 19 laboratories for biological sciences, lecture classrooms, and 41 faculty office spaces with related administrative and clerical support areas. It will accommodate 729 full-time students -- 524 in lecture areas and 205 in laboratory areas.

★ WOMEN'S/MEN'S/ELEMENTARY P E WORKSHOPS

"The Greatest Show on Earth" will be the theme for the 26th annual California Physical Education Workshop for Women in Secondary Schools, which will begin on Monday (July 27) and continue through Friday, (Aug. 8) at Cal Poly. Some 350 women from throughout the state are expected to attend the sessions, according to Mrs. Lelani Overstreet, director of the workshop and a member of the California State University, Fresno, faculty.

Planned during the workshop at Cal Poly is a wide variety of sessions designed to give teachers an opportunity to improve their skills and knowledge of physical education. Session topics will range from athletic injuries, badminton, bowling, fitness, figure control, folk dance, self defense, and wilderness living to archery, basketball, cycling, fencing, flag football, gymnastics, golf, swimming, tennis and volleyball.

Mrs. Overstreet said preregistration is required since the popularity of the workshop has limited the enrollment capacity. The workshop is open only to qualified individual who have taught one year in physical education, or the equivalent. Up to eight units of professional credit can be earned by teachers who attend the workshop for women.

Two hundred and fifty physical education and athletic coaches are expected to attend the 28th annual California Workshop for Physical Education and Athletic Coaching, which is scheduled from Monday (Aug. 4) through Friday (Aug. 15). Featured will be a number of experts in the fields of coaching and physical education, including former Atlanta Braves third baseman Eddie Matthews; Claude Gilbert of California State University at San Diego, football; Ulysses G. (Pete) Brown of the Harvard Recreation Center in Los Angeles, tennis; Ralph Barkey of University of California at Santa Barbara, basketball; and Bill Srock of the Brunswick Advisory Board, bowling as well as Bruce Tegner of Moorpark College and Alice McGrath, both specialists in self-defense; Gordon Gray of Canada College, bicycling; Al Scates of University of California at Los Angeles, volleyball; Sid Toabe of the Fresno Parks and Recreation, adult fitness; and Bob Walthour of Carmel High School, aquatics.

Director of the physical education workshop at Cal Poly is Charles Howell. He is presently head of the Men's Physical Education Department at Pacific Grove High School in Monterey. Robert Mott (Head, Men's Physical Education) coordinator for the workshop said four quarter units of professional credit for each week, or a total of eight units for two weeks, can be earned by those who complete the workshop. The workshop will be held concurrently with the second annual Physical Education Workshop for Elementary School Teachers.

★ NEW LIFE SCIENCE BUILDING (Continued from Page 1)

E. Douglas Gerard (Executive Dean) expects drawings for the project to be completed in time for receipt of bids and start of an expected two-year construction period in early 1976. In addition to the \$6.25 million for construction of the building included in the 1975-76 budget, \$316,000 for working drawings and specifications for the structure was budgeted earlier. An additional \$600,000 for equipment is expected before it is ready for use.

★ FRINGE BENEFITS INCREASES REVEALED

The fringe benefits package contained in SB 877 (Berryhill) was passed by the Legislature and signed by the Governor, effective July 1. The bill provides the following increases in fringe benefits for California State University and Colleges employees:

- ★1. Employee contributions to PERS have been reduced, so that members of PERS only will have their monthly contribution reduced by approximately \$9 per month. For members of PERS/OASDI, the reduction will be approximately \$10 per month.
- ★2. The state contribution for health insurance will be increased for the employee only from 80% to 85%. There was no change in the allowance for dependents, as follows:

	<u>From</u>	<u>To</u>
Employee only	\$21	\$22
Employee and one dependent.	\$36	\$37
Employee and two or more dependents.	\$46	\$47

- ★3. The Government Code is amended to delete statewide election dates as holidays for state employees. One personal holiday per calendar year was added to the list of holidays for state employees. A procedure concerning the personal holiday will be issued in the near future.
- ★4. For members of PERS/OASDI a continuance of 25% of the member's PERS retirement allowance is provided for eligible survivors. (This is comparable to the 50% continuance provided last year for PERS only members of the retirement system. The 25% continuance together with the survivors allowance paid by OASDI should approximate the 50% continuance provided PERS only members.)
- ★5. A one-time special cost-of-living increase is provided for employees who retired prior to Jan. 1, 1974, or to their survivors. Likewise, the allowances payable under the 1959 survivors benefits were increased. Those eligible for this coverage will continue to pay the \$2 monthly charge.

The reduction in PERS contributions and the increase in the state's contribution for health insurance will be reflected in the July 1975 salary warrants. The details of the improvements in survivors and other PERS benefits will be issued by PERS. There are a number of bills pending in the legislature improving State Teachers Retirement System benefits. Members will be notified when changes are enacted which affect CSUC employees who are members of STRS.

★ STATEWIDE OUTSTANDING PROFESSORS NAMED

Faculty members at California State University, Chico, and California State University, Northridge, have been named 1975 Outstanding Professors by the Board of Trustees of The California State University and Colleges. The designees, announced by Board Chairman Robert A. Hornby and Chancellor Glenn S. Dumke, are Dr. Janet Turner (Professor of Art at Chino) and Dr. Carmelo Gariano (Professor of Foreign Languages and Literatures at Northridge).

★ BAND FESTIVAL/EXHIBIT PLANNED

Announcements of a major music festival being planned as part of the nation's bicentennial observance on Saturday (Nov. 8) in San Luis Obispo, have been sent to high schools throughout California. The California Bicentennial Festival of Marching Bands will be presented by the School of Communicative Arts and Humanities as the climax of a week-long celebration dramatizing the important role bands have played in American history.

William V. Johnson (Music), director of bands, said the festival, which is being planned as part of the university's 1975 Homecoming, will include a morning parade through downtown San Luis Obispo, as well as an afternoon program in Mustang Stadium on the university campus. The stadium program will include field presentation of about 8 to 10 minutes each by the bands participating in the festival. Johnson is convinced that the bicentennial band festival in San Luis Obispo will be a significant event that will attract the best high school marching bands from throughout California.

"Although the program will not involve competition, we expect that the opportunity for outstanding musicians from throughout the state to perform on the same program will give considerable prestige to the festival," Johnson added. "In order that each band selected for the festival will receive adequate exposure and performance time during the parade and field presentations, only a limited number of bands will be invited to perform." "Participation will be by formal invitation only and each band selected can be assured that it is one of California's finest high school marching bands," Johnson continued.

A panel of college band directors from throughout California will meet to select the best bands from applications that are expected to total over 100 by the Aug. 15 deadline for their receipt. Bands are being invited to send motion pictures, audio tapes, photographs, and video tapes to support their written applications. Also featured during the celebration of bands at Cal Poly will be a Smithsonian Institution exhibit titled "Bands in America, 1776-1976" and Cal Poly's 130-member "Pride of the Pacific" Marching Band. The exhibit will be on display throughout the week in the Julian A. McPhee University Union and the university band will make featured appearances during the parade and the stadium program.

★ TENNIS COURTS LIGHTING COMPLETED

Installation of lighting at the tennis courts south of the Physical Education Building has been completed. This project was financed with funds from the Dormitory Revenue Fund and will be jointly administered by the Housing and Physical Education Departments.

The lights are programmed to activate by a plastic lighting card. These cards may be obtained by students, faculty, and staff members. During the summer quarter, individuals wishing to make use of the tennis courts when lights are needed may secure cards at Yosemite Hall Office (12 noon to 10 pm daily) or the University Union Desk (4:30 pm to 10 pm Monday through Thursday and Sunday; 4:30 pm to 11 pm Friday and Saturday) by completing a request form and surrendering their university ID card. The lighting card should be returned within a 24-hour time period. Failure to return the lighting card within three working days will result in a \$5 late fee. Lost cards will also result in a \$5 charge.

★ TRUSTEES' ACTIONS REPORTED

The Board of Trustees of The California State University and Colleges took the following actions (among others) at its meeting on Wednesday (July 9):

Authorized for 1975-76 salary increases of approximately 7.1 percent for faculty and other academic employees, and increases ranging from approximately 5 to 9 percent for administrative, support, and other non-academic employees, effective July 1, 1975. Further noted the fringe benefit improvements for all employees in Senate Bill 877 (Berryhill) which provides a reduction in employees' contributions for retirement of approximately \$9 per month, a slight reduction in employees' contributions for health insurance, and increases in survivors allowances payable by the Public Employees Retirement System. SB 877 also deleted statewide election day holidays and added one personal holiday for each employee. The Trustees also delegated authority to the Chancellor to implement a program for payment of a one-time bonus sum to employees with salary range maximums of \$753 per month or less.

Nominated two faculty members as recipients of the 1975 Trustees' Outstanding Professor Awards: Dr. Janet Turner, Professor of Art, CSU, Chico, and Dr. Carmelo Gariano, Professor of Foreign Languages and Literatures, CSU Northridge. Outstanding Professors receive \$1,000 awards made annually since 1964 by the California State University and Colleges Foundation with funds provided by the Joseph M. Schenck Foundation of Los Angeles.

Received an announcement that officers of the CSUC Student Presidents Association for 1975-76 are Tom D'Agostino, Student President at San Diego State University, Chairman; John Rico, Student President at San Jose State University, Vice Chairman; and LaMonde Goodloe, Student President of San Francisco State University, Comptroller.

Requested that the Chancellor's Office revise the proposed 1976-77 State Funded Capital Outlay Program in light of the changes in the final State Budget for 1975-76, and reevaluate the priorities and the total amount set forth in the program. Further resolved that this matter be brought before a joint meeting of the committees on Campus Planning, Buildings and Grounds; Educational Policy; and Finance to be held in September.

★ H E P STUDENTS ARE GRADUATED

Ninety-three young men and women have completed their study in the High School Equivalency (HEP) Program at Cal Poly since last September. The young people who were recognized during a ceremony on campus last week are from throughout California, with most coming from the Salinas, San Joaquin, and Imperial Valleys.

During their stay at the university, participants, who are between 17 and 24 years of age and have dropped out of high school studies, attend classes in such fields as mathematics, science, grammar, literature, social studies, and career education. Antonio Garcia (Director, HEP), said it is rated near the top of the 15 HEP operations in the nation in the number of persons who graduate and in placement of graduates in jobs, job training programs, and college or university study.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

★ Type font elements for IBM Selectric typewriters that have broken teeth and can no longer be used are being collected by the Public Affairs Office. Campus offices that wish to dispose of broken type elements are asked to forward them via campus mail or bring them to the Public Affairs Office, Adm. 210.

★ AMERICAN INDIAN PROGRAMS CONCLUDE

Talks on the art and literature of North American Indians and three motion pictures narrated by actor Marlon Brando will be the concluding presentations of the "Indian Images" program series at Cal Poly. The final week of the two-week series will open at 7:30 pm on Tuesday, (July 22) with screenings of three films from the North American Indian Series. Anne Fowler (Social Sciences) will introduce the program which will take place in Chumash Auditorium.

"The First Indian Painters" will be the topic of a talk to be given by Joyce Rezendes (Art) at 12 noon on Wednesday (July 23) in University Union 220. Featured in her illustrated presentation will be sand paintings of the Navajos. The concluding program of the series will consist of reviews of books by and about Native Americans. Being presented by Starr Jenkins (English) with the assistance of several students, it will take place at 11 am on Thursday (July 24) also in University Union 220.

Also scheduled during the week is the continued display of an extensive collection of photographs presenting the American Indian in contrast to the stereotypes and distortions presented by some popular writers and photographers. The photo exhibit, which is located in the University Union Galerie, was prepared by the Smithsonian Institution from its National Anthropological Archives. They are part of nearly 50,000 negatives and prints taken originally by the institution's Bureau of American Ethnology, an organization founded in 1870 to study the history, languages, and cultures of North American Indians.

Planned as a public program, the photo exhibit and special programs are being presented by the Art, English, Ethnic Studies, History, and Social Sciences Departments as part of an extended series of special events scheduled in observance of the nation bicentennial. Admission to the photo exhibit and the lecture programs will be free and the public is invited to attend.

★ MULTIMEDIA ENERGY REPORT AVAILABLE FROM AV SERVICES

A multimedia report on a recent two-day campus conference on alternate energy systems may be checked out by faculty and staff members at Audiovisual Services. The conference was sponsored by the Electric Power Institute whose director is William Horton (Electrical Engineering). It was recorded on tape and color microfiche by Communications/Media Productions and is being made available to those unable to attend the May conference.

The report covers presentations by nationally-known authorities in the field of energy production and distribution. Alternate energy sources discussed by the conference speakers include solar power, waste matter, hydrogen, and geothermal power. The majority of the presentations are technical and aimed at power engineers. Approximately 14 hours of talks and 400 color slides are included in the multimedia report.

★ JULY SALARY WARRANTS WILL BE AVAILABLE ON WEDNESDAY

July salary warrants for faculty and staff of the university will be available at 4 pm on Wednesday (July 30), the last day of the pay period. Warrants batched by department may be picked up at the Cashier's Office, Adm. 131-E, and those picked up on an individual basis may be picked up in the Business Affairs Division Office, Adm. 114, after that time.

★ SABBATICAL LEAVES ANNOUNCED

Donald L. Shelton (Director of Personnel Relations) advises that President Kennedy has approved 28 sabbatical leaves for the 1975-76 academic year. The following faculty members have been granted leaves with pay to participate in a wide variety of projects compatible with the overall instructional program at Cal Poly:

<u>Name</u>	<u>Department</u>	<u>Quarter(s) Off</u>
Timothy M. Barnes	History	Fall and Winter
George M. Baumgarten	Architecture and Environmental Design	Fall and Winter
Richard J. Birkett	Animal Science	Fall
George G. Clucas	Political Science	Winter and Spring
James A. D'Albro	Ornamental Horticulture	Fall, Winter, and Spring
Samir Kumar Datta	Electronic and Electrical Engineering	Fall, Winter, and Spring
Leland S. Endres	Chemistry	Fall, Winter, and Spring
Dale M. Federer	Psychology	Fall
David W. Hafemeister	Physics	Fall, Winter, and Spring
Reino Hannula	Computer Science and Statistics	Spring
Rex L. Hutton	Mathematics	Spring
Ruth H. James	Home Economics	Fall
Richard F. Johnson	Animal Science	Spring
James Katekaru	Chemistry	Fall and Winter
Kennith R. Kimball	Industrial Technology	Fall and Winter
Martin L. Luschei	English	Fall and Winter
Edward L. Mayo	History	Fall
John W. McCombs	Electronic and Electrical Engineering	Fall and Winter
J. M. McRobbie	Industrial Technology	Spring
Ramesh T. Shah	Mechanical Engineering	Fall
John G. Snetsinger	History	Fall and Winter
Rollin D. Strohmman	Agricultural Engineering	Winter and Spring
Neal R. Townsend	Mathematics	Winter
James H. W. Tseng	Electronic and Electrical Engineering	Winter and Spring
Gordon L. Van De Vanter	Crop Science	Winter and Spring
Herman C. Voeltz	History	Winter and Spring
Leonard W. Wall	Physics	Winter and Spring
Carleton Monroe Winslow, Jr.	Architecture and Environmental Design	Fall

★ CAREER EDUCATION REPORT AT EL CORRAL

The El Corral Bookstore has just received copies of "Career Education--Proposals for the Seventies and Eighties," a report to the Chancellor, The California State University and Colleges. The report was prepared by the Chancellor's Advisory Committee on Career Education, chaired by Cal Poly President, Robert E. Kennedy. Topics covered in the report include: Career education in the curriculum; state and federal concern for the support of career education; articulation of system efforts with career education activities in the secondary schools and the community colleges; preparation of public school teachers and counselors with career education knowledge and skills; cooperative education opportunities within the system; and career counseling and advisement. The report is displayed in the new arrivals section of the General Book Department of El Corral and is priced at \$2.50 a copy.

★ SUMMER PLACEMENT FOR ECONOMICALLY DISADVANTAGED YOUTH PROGRAM

Donald L. Shelton (Director, Personnel Relations) has announced that through the co-operative efforts of the County Office of Education, San Luis Obispo High School, the Federal Department of Labor/Manpower Administration, and many on-campus offices, the SPEDY Program is fully operational at this time. This program is offered at no direct cost to Cal Poly. Federal funding provides for the student/employee salaries, and the cost of Workers' Compensation Insurance coverage. The program offers to economically disadvantaged persons between the ages of 14 - 21 meaningful on-the-job training work experience. After coordinating university needs with participants' aptitude, interest and ability, a total of 46 participants have been placed in the following areas:

<u>Positions</u>	<u>Department</u>
5	Custodial
4	Educational Opportunity Program
4	Ethnic Studies
4	General Farm
3	Biological Sciences
3	High School Equivalency Program
3	Grounds
3	Ornamental Horticulture
2	Associated Students, Inc., - Custodial
2	Environmental Engineering
2	Public Affairs
2	Transportation Services
1	Activities
1	Aero Engineering
1	Associated Students, Inc.
1	Foreign Languages
1	Housing
1	Library
1	Men's Physical Education
1	Military Science
1	Warehouse

★ NEWSPAPER SPECIALISTS ON CAMPUS

Sixty classified advertising specialists representing newspapers throughout California, Arizona, and Nevada, took part in a three-day seminar on telephone sales on Monday and Tuesday (July 14-15) at Cal Poly. The seminar, which was sponsored by the Western Newspaper Foundation and the Journalism Department, included talks by guest speakers and group discussions specially designed for newspapers of different size circulations.

John R. Healey (Head, Journalism) coordinator for the seminar, said this program is one of a series of professional improvement programs for newspaper personnel which are hosted in cooperation with the newspaper publishing industry. The others held during the past year have been on newspaper circulation. Organizations cooperating in presentation of the classified advertising seminar include the Newspapers First Committee of the California Newspaper Publishers Association, and the Northern and Southern California Advertising Managers Associations.

★ CHILDREN'S THEATRE PROGRAM LAUNCHED

A program of free children's theatre productions is being provided for groups from Central Coast Area schools and non-profit community service organizations by the Speech Communication Department. Michael R. Malkin (Speech Communication) said the performances, which involve puppetry, readers theatre, and children's theatre techniques for children between the ages of 7 and 10 are being presented by the Cal Poly Children's Theatre Laboratory, a part of the university's course work in children's drama. Present plans call for performances of from 12 to 18 different plays each quarter.

The size of the university's Laboratory Theatre in the H. P. Davidson Music Center where they will be presented, will limit attendance to one class of about 30 children at each performance. All performances will be during normal school hours. Dr. Malkin pointed out that teachers or group leaders who accompany groups attending Children's Theatre Laboratory productions at Cal Poly should plan to arrange for transportation and supervision for their groups.

After each show, participating teachers or supervisors will be asked to stimulate a discussion of the performance with the children while the children's drama students observe. Those interested in learning more about the Children's Theatre Laboratory performances are invited to contact Dr. Malkin by calling at Ext. 2486.

★ COLLINS SCHOLARS ANNOUNCED

Nineteen students at Cal Poly will receive \$500 Herbert E. Collins Scholarships during the 1975-76 academic year. They were chosen on the basis of citizenship, academic achievement, and participation in campus activities by the scholarship committee.

Collins, a successful citrus farmer and investor in the San Gabriel Valley area of Los Angeles County until his death in 1957, came to California from England in 1890 and, after learning farming methods in the San Joaquin Valley, moved to Covina where he raised vegetable crops on rented land. He and a brother soon purchased uncultivated land in the El Monte, Pico-Rivera, and Placentia areas, where they planted orange trees.

Collins wisely invested the earnings of his farm operations over the years and won a reputation as one of Southern California's soundest and most respected investors. Because of his great interest in agriculture and his feeling of indebtedness to the soil of California, he left the residue of his estate to Cal Poly and asked that a scholarship program for students be established.

★ PIE AND COFFEE SPECIAL AT VISTA GRANDE

Everette Dorrough (Director, Foundation Food Services) has announced that Vista Grande Restaurant will be featuring a summer afternoon special--pie and coffee for 35¢. The pie and coffee summer special will be offered Monday through Friday between 2 pm and 4 pm during Summer Quarter. Vista Grande Restaurant's regular menu will be available as usual.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

★ The return of excess supplies of inter-campus mail envelopes is being requested by the Duplication Center. Offices and departments that have quantities of the envelopes in excess of their needs are asked to return them to the Duplication Center, Adm. 129.

★ WILEY DISCOVERS NEED FOR AV TRAINING

A study on the use of audiovisual materials and equipment by classroom teachers by a Cal Poly faculty member has been published in a nationally-known magazine. The Journal of Media and Technology has just published a condensation of "Survey of Teacher Preparation and Usage of Media," prepared by J. Barron Wiley (Education). Dr. Wiley conducted the survey to determine if teachers who had been credentialed since 1970 were properly trained in audiovisual instruction and technique.

At one time, all teachers in the State of California were trained in some phase of audiovisual technique, but the introduction of the Fisher Act in 1963 eliminated audiovisual course requirements. Dr. Wiley used two different questionnaires, one for district personnel and one for the teachers, because it enabled him "to get information from both points of view and to present the questions in the best way for each group."

He found that there is a definite need for more college preparation in audiovisual techniques, that school districts fail to pick up the slack in helping those who did not get sufficient instruction in college, and that district personnel believe they are doing an adequate job in supplementing teachers' knowledge of audiovisual techniques. Both teachers and district personnel were nearly unanimous in their belief that course work in audiovisual methods and materials should be a credential requirement for teachers.

BICENTENNIAL TIME-LINE

Congress waives the provision of the Continental Association. A congressional commission is established to negotiate peace treaties with the Indian tribes. Benjamin Franklin is named first Post Master General and the postal system is established. Congress officially rejects Lord North's plan for reconciling Great Britain and America.

Meanwhile in California, Juan Manuel de Ayala commands an expedition leaving Monterey aboard the San Carlos to map San Francisco Bay. At sea the two ships of the Hezeta-Bodega expedition lose sight of each other. Hezeta assumes the small Sonora is heading for a rendezvous at Monterey.

★ OFF-CAMPUS POSITION VACANCIES

Information on the administrative position vacancies listed below can be obtained from the Placement Office, Adm. 213, ext. 2501:

St. Cloud State University, Minnesota - Vice President for Academic Affairs (\$26,000-\$32,000). Earned doctorate and five to eight years of higher education experience, including at least three to five years teaching and three to five years in major administrative positions required. Deadline for application is Aug. 1, 1975; effective date of appointment is Jan. 1, 1976.

State University College, Potsdam, New York - Vice President for Academic Affairs (negotiable, commensurate with experience). Earned doctorate or equivalent, progressively responsible experience in academic administration combined with scholarly pursuits in an academic field, successful experience as an academic dean or equivalent, and successful experience in college and/or university teaching required. Deadline for application is Oct. 1, 1975; effective date of appointment is Aug. 1, 1976.

★ WHO . . . WHAT . . . WHEN . . . WHERE ? ? ?

James B. Lau (Business Administration) has received word that his new paperback titled, Behavior in Organizations, was published by Richard D. Irwin, Inc. on July 17.

Clyde P. Fisher (Dean, Science and Mathematics) participated in the seminar on "University Governance and Collective Bargaining," arranged by the Center for Higher Education at the University of Michigan, Ann Arbor, on June 23-27.

Dominic B. Perello (Economics) was elected vice president of the Congress of Faculty Associations' executive committee at a mid-December meeting.

Walter E. (Walt) Elliott (Physics) was a recent guest lecturer on mathematics and science at the Texas Woman's University in Denton. Dr. Elliott is currently serving as special consultant to the Dallas Independent School District, and is also project editor for the Dallas-based pre-technical physics curriculum project.

Joseph B. Romney (History) spoke at the regular meeting of the Kiwanis Club of Greater Pismo Beach on the "United States Bicentennial and Local History" on July 8.

Eugene F. Coleman (Graphic Communications) participated in a three-day seminar on "The Future for Printing Technology" on June 29-July 1. The seminar, held at the Highlands Inn in Carmel, was sponsored by the Institute for Graphic Communication (IGC), with headquarters in Boston. Coleman has participated in three earlier IGC meetings in the East and Midwest, serving as an invited speaker and panelist at one.

William Carl Wallace (Director, Educational Opportunity Program) attended the formulation meeting of the California Cooperative Education Association held at the Hyatt House in San Jose on June 23-24.

Glenn Whaley, Ruth Spencer, Jo Brown, Jean Kuhnes, and Sherri Shaffer (all Library) represented Cal Poly at an Information Management Seminar held at the San Luis Bay Inn in Avila Beach on June 26. The seminar featured films, lectures, and machine demonstrations on how microfilm systems can reduce costs and increase efficiency for business organizations, governmental systems, and libraries.

Mary Lou Brady (Library) attended a meeting of the CSUC Libraries' Learning Resources Centers Committee at California State Polytechnic University, Pomona, on June 6. Discussion centered around formation of standards and policies for the purchase and collection of audio-visual materials in the CSUC libraries.

★ VACANT FOUNDATION STAFF POSITION

The Foundation is accepting applications for the following open position as announced by Jack L. Fryer (Foundation Personnel Officer). Interested applicants may apply at the Foundation Personnel Office, UU 212, ext. 1121. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. The position is:

Custodian, (\$616-748), Facility Services Department, working in dormitory. Must be knowledgeable in the proper use of commercial custodial cleaning equipment, and any other related work that may be required. Must have the ability to maintain an effective relationship with co-workers and students. Applicants must have completed at least eight grades of elementary education. Applications will be accepted through July 31, 1975.

★ SPECIAL BOOK DISPLAYS AT EL CORRAL

A book display featuring books on American Indians has been organized at El Corral Bookstore to coincide with the Smithsonian exhibit "Indian Images" currently on display at the University Union. Over 50 books on a large variety of topics relating to the history, culture, crafts, literature, and art of the American Indian--past and present--have been displayed on special tables in El Corral. The book display will continue through Friday (July 25).

A book display featuring books on health and medicine will be arranged at El Corral Bookstore Monday (July 21) through Friday (July 25) to coincide with the Health Services Seminar. A sale of specially ordered books featuring games, sports, and physical education topics has been organized to coincide with the three summer physical education workshops.

Photographs taken by Ray R. Allen (Environmental Engineering) will be on display in El Corral Bookstore's Mini Art Gallery during Summer Quarter. Photographs taken by Allen have been displayed at various fairs, etc. and are mainly of scenery around the county of San Luis Obispo.

★ SUPPORT STAFF VACANCIES LISTED

Vacant support staff positions have been announced by Robert M. Negranti (Staff Personnel Officer). Descriptions of the positions and other vacancies are posted outside the Personnel Office, Adm. 110, ext. 2236. Contact the Personnel Office to obtain an application. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. The positions are:

Departmental Secretary I-B (\$341.50-\$414.50/month), Special Programs Office, Public Affairs Division. Half-time position. Duties & responsibilities: handling correspondence relative to all special programs; leasing of facilities, off-campus group use of University facilities, etc., as well as the Cal Poly Theatre; collecting information for, and composing the "Cal Poly Dateline"; assisting with other publications work and Public Affairs work as secondary responsibility. Requirements: high school graduate with 1 year of clerical experience, typing 45 wpm, shorthand 90 wpm, & ability to transcribe from dictating machine. Originality and ability to meet and converse with public desirable. Ability to do graphic paste-up and/or design is a distinct advantage. Closing date: August 15, 1975.

Groundsworker (\$756-\$875/month), Grounds, Business Affairs Division. Duties & responsibilities: plants, cultivates, sprays, waters, and propagates cuttings; rakes leaves, hoes weeds, and performs other general grounds maintenance work; supervises student helpers; trims trees, hedges and shrubs and erects tree supports; general clean-up work in grounds areas; and other grounds work as required. Requirements: Ability to read and write English, and one year of full-time experience in flower gardening and general grounds maintenance work. Must be able to follow directions, and must be able to work weekends if required (40 hour week). Closing date: August 15, 1975.

★ CANDIDATES FOR FACULTY POSITIONS BEING SOUGHT

Candidates for positions on the faculty of the university are presently being sought, according to Donald L. Shelton (Director, Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This university is subject to the requirements of Executive Order 11246 and is an Affirmative Action Employer. All interested persons are encouraged to apply. Following is a description of the available positions:

Lecturers (salaries dependent upon teaching assignment and experience), English Department, School of Communicative Arts and Humanities. Part-time positions open for Fall and Winter Quarters. Duties and responsibilities will include teaching English composition and lower division literature courses. Master's degree and teaching experience required. Ph.D. preferred. Closing date for accepting applications is August 25, 1975.

Lecturer (salary dependent upon teaching assignment and experience), Art Department, School of Communicative Arts and Humanities. Part-time position available September 25, 1975. Duties and responsibilities include teaching art materials and crafts. Applicants must submit samples of their work, and they must possess a Master's degree and have college teaching experience. Application closing date is July 28, 1975.

Lecturer (\$11,880-\$18,432/year), Home Economics Department, School of Human Development and Education. Duties and responsibilities include teaching clothing. Candidates should possess a doctorate in Home Economics with specialization in this area. Position available September, 1975. Application closing date is July 31, 1975.
